

June 2009

Dear Parents/Guardians & Students,

The following information was gathered to help you identify the required items for the beginning of the next school year. If a course is not listed then the teacher will inform students of the necessary items during the first week of classes. **All subjects require loose-leaf composition paper and writing utensils – pencils and pens (blue & black ink only).** Sincerely, PACS Faculty

Note: Beginning in Integrated Algebra 1, students will be using a TI-83 Plus or TI-84 Graphing Calculator. We have enough for students to use in class, however they will not be able to use them outside of class. You are **not required** to purchase this calculator but it would be very beneficial throughout the study of high school mathematics. If you have any questions contact Kim Lawrence, Mathematics Department Chair (298-5103 EXT 4154)

Also many teachers will be using the following website to post information, updated schedules, calendars, events, homework assignments, supply list etc. For ex. If Mrs. Ivison is your teacher: www.teacherweb.com/NY/PACS/Ivison
